Important Information for Facilities and Institutions Re: Coronavirus/COVID-19 as it relates to **NA Members and Willful In-Person Meeting Attendance**

With respect to ever-changing State and Federal Social Distancing Measures and Shelter-In Place mandates, facilities, institutions and members need be aware that **NA Regional, Area and Group meeting closures are not to be considered extensions of any members who choose to willfully congregate in group meeting parking lots or public spaces.**

Decisions made by individuals to meet without regard to personal distancing can not be considered as acting in the name of Narcotics Anonymous as a whole and are subject to trespassing and appropriate legal ramifications as per the city or municipality thereof.

Narcotic Anonymous Public Relations Subcommittees encourage all members to avail themselves of virtual and phone line meetings until this crisis is averted and our local meetings can be restored to face to face status.
